Hola~

I hope you are doing well!

My name is Michelle Moya Aceves. I am a rising junior at Rice University studying Computer Science & Cognitive Science. This year I am serving as the External Vice President for the Rice University chapter of the Society of Hispanic Professional Engineers (SHPE).

Our goal as an organization is to help Hispanic students reach their academic, leadership, and professional goals by facilitating their professional and personal development.

I have reached out to you because our SHPE Rice chapter members have shown great interest in your company and would love to make a partnership for exploration and recruitment purposes!

We strive to create a long-lasting and fruitful relationship with you through on-campus or virtual events such as presentations and or workshops with our members. We have a very talented and hardworking pool of engineers and we would love for you to join our community!

This sponsorship package includes information about SHPE Rice and details our goals for 2023-2024, outlines the events and opportunities by which our chapter supports members to reach their academic and professional goals, and how you can get involved.

Please let me know if you have any questions by reaching out to **shpe.rice@gmail.com**.

Thank you and I look forward to partnering with you!
